The following information is relevant:

- 1. H Ltd has a policy of revaluing land and buildings to fair value. At the date of acquisition S Ltd's Land and Buildings had a fair value Frw 20 million higher than their book value and at 31 March 2014 this had increased by a further Frw 4 million (ignore any additional depreciation).
- 2. Included in H Ltd's investments is a loan of Frw 60 million made to S Ltd at the date of acquisition. Interest is payable annually in arrears. S Ltd paid the interest due for the year on 31 March 2014, but H Ltd did not receive this until after the year end. H Ltd has not accounted for the accrued interest from S Ltd.
- 3. S Ltd had established a line of products under the brand name of Titanware. Acting on behalf of H Ltd, a firm of specialists, had valued the brand name at a value of Frw 40 million with an estimated life of 10 years as at 1 April 2013. The brand is not included in S Ltd's statement of Financial position.
- 4. S Ltd's development project was completed on 30 September 2013 at a cost of Frw 50 million. Frw 10 million of this had been amortised by 31 March 2014. Development costs capitalised by S Ltd at the date of acquisition were Frw 18 million. H Ltd's directors are of the opinion that S Ltd's development costs do not meet the criteria in IAS 38 'Intangible Assets' for recognition as an asset.

SECTION B

Attempt one question in this section.

QUESTION FOUR

a) On 1 October 2013 Habib entered into a non cancellable agreement whereby Habib would lease a new locket booster. The terms of agreement were that Habib would pay 26 rentals of Frw 3,000,000 quarterly in advance commencing on 1 October 2013, and that after this initial period Habib could continue at its option to use the rocket booster for a nominal rental which is not material. The cash price of this asset would have been Frw 61,570,000 and the asset has a useful life of 10 years. Habib considers this lease to be finance lease and charges a full year's depreciation in the year of purchase of an asset. The rate of interest implicit in the lease is 2% per quarter.

On 1 July 2012 Habib entered into another non-cancellable agreement to lease a Zarkov Rocket for a period of 10 years at a rental of Frw 5,000,000 half yearly to be paid in advance, commencing on 1 July 2012. Habib considers this lease to be an operating lease.

Required:

Show how these transactions would be reflected in the financial statements for the year ended 31 December 2013. (12 Marks)

b) Information below related to Gaby for the year ended 31 March 2013. The balance on the provision for deferred taxation account at 1 April 2012 was Frw 35,000,000. This represented taxation of 35% on cumulative timing differences of Frw 100,000,000 at 1 April 2012. Capital allowances (tax depreciation) and depreciation for the year ending 31 March 2013 are as follows:
