The following information is relevant:

- 1. At the date of acquisition, the fair values of Madrid's assets were equal to their carrying amounts with the exception of an item of plant, which had a fair value of Frw 2,000 million in excess of its carrying amount. It had a remaining life of five years at that date [straight-line depreciation is used]. Barcelona has not adjusted the carrying amount of its plant as a result of the fair value exercise.
- 2. Sales from Madrid to Barcelona in the post acquisition period were Frw 8,000 million. Madrid made a mark up on cost of 40% on these sales. Barcelona had sold Frw 5,200 million (at cost to) of these goods by 30 September 2013.
- 3. Other than where indicated, income statement items are deemed to accrue evenly over the relevant period.
- 4. Madrid's trade receivables at 30 September 2013 include Frw 600 Million due from Barcelona which did not agree with Barcelona's corresponding trade payable. This was due to cash in transit of Frw 200 Million from Barcelona to Madrid. Both companies have positive bank balances.
- 5. Barcelona has a policy of accounting for any non-controlling interest at fair value. For this purpose the fair value of the goodwill attributable to the non-controlling interest in Madrid is Frw 1,500 million. Consolidated goodwill was not impaired at 30 September 2013.

Required:

Additional information provided:

- 1. Investments at fair value through other comprehensive income are carried in the financial statements at market value. The market value of the investments at 31 March 2013 was Frw 608,000,000. There were no purchases or sales investments during the year. Revaluations are recognized in other reserves
- 2. The income tax balance in the trial balance is a result of the under provision of tax for the year ended 31 March 2013. The taxation due for the year ended 31 March 2014 is estimated at Frw123, 000,000. The tax depreciation cumulative allowances at 31 March 2013 for property, plant and equipment were Frw 554,000,000. Corporation tax rate is 30%.
- 3. The fair value of land at 31 March 2014 was Frw 829,000,000. The land is not investment property. No deferred tax consequence for the revaluation of land. Revaluations are recognized in other reserves
- 4. Property, plant and equipment are depreciated at 20% per annum straight line. Depreciation of property, plant and equipment is considered to be part of cost of sales. Loyer's policy is to charge a full year's depreciation in the year of acquisition and no depreciation in the year of disposal. Government grant is to be amortized at the same rate as plant acquired.
- 5. The inventory's net realizable value as at 31 March 2014 was determined to be Frw 73,000,000.
- 6. Long term borrowings consist of a loan taken out on 1 April 2013 at effective interest of 5% per year. No loan interest has been paid at 31 March 2014.
- 7. Loyer paid an interim dividend of Frw 50,000,000 and proposed on 5 May 2014 a dividend of Frw 60,000,000 for the year ended 31 March 2014.

Required:

SECTION B

Attempt one question in this section.

QUESTION FOUR

Juma commenced business on 1 January 2013 at a head office and at one branch. Purchases were made exclusively by head office where all goods were processed before sale. There was neither loss nor wastage in the processing. Only processed goods received from head office were handled by the branch and these were charged thereto at processed cost plus 10%. All sales whether by head office or the branch were at a uniform gross profit of 25% on the processed cost.

The following trial balances as on 31 December 2013 were extracted from the books before adjusting for any of the matters referred to below:
